

NDIS SERVICES

Artius Health helps people to reach their potential

Our friendly team of clinicians are here to help

Artius Health is now providing NDIS Services

Which services do we offer?

- Psychology
- Psychological Assessments
- Social Work
- Support Coordination
- Occupational Therapy
- Speech Pathology
- Positive Behaviour Support Planning

How are participants referred to us?

- NDIS service providers can contact us to make a referral on behalf of participants.
- Participants (or their supports) can self-refer with details of their NDIS plan.
- GP's can send referrals for NDIS plan approved sessions.

What happens next?

Once we receive a referral, a member of our friendly team will contact you/the participant to book a Service Agreement Meeting.

Participants, service providers & supports are welcome to attend.

The participant's goals & expectations will be discussed.

Questions & concerns will be addressed.

We will develop a plan TOGETHER to ensure the participant receives the support they need.
